Painting is fun!

October is the 10th month of the year on the Gregorian calendar, though its name stems from the Latin coto, meaning "eight." In early Roma times, October was the eighth month on the calendar. Old England referred to it as Winmonth, meaning "wine month," as Octobers temperatures were ideal for making wine and cider. The Anglo-Saxons called October "Winterfylleth" because it marked and celebrated the beginning of winter.

Founding Father of Invention

Can you identify which inventions were made by Ben Franklin and which were not?

- | | |
|--------------|------------------|
| 1. Swim fins | 2. Lightning rod |
| 3. Parachute | 4. Steam engine |
| 5. Telegraph | 6. Bifocals |

ANSWERS: 1, 2, & 6 are Franklin's. The others are not.

Welcome our new resident's,
